Raffles, Chinese auction, Throw for Love game etc.

The purpose of Yolo's / Mission of Love fundraiser is to service the children born with cleft lip/palate deformities. Mission of Love's volunteer surgery team, led by Doctor Richard Scheetz will be traveling to Guatemala City, April 29 to complete thirty surgeries on these children in need of a SMILE and to thrive and no longer be outcasts of their community. This will be the sixth annual surgery mission trip that Mission of Love has done in Guatemala. Hundreds of Mayan Indian children have had this expertise surgery done by our Mission of Love surgery team. With every surgery we have to bring our own surgery supplies, for these supplies are not available in Guatemala.
